

Expressions of Interest

18th May 2019

FC Twenty11 (and its formative clubs Burnside AFC and Avon United) have a long tradition of producing talented junior & youth footballers in the Christchurch region and have a strong emphasis on giving opportunities to these players to play in the club's top men's and women's teams.

We are looking to appoint a Football Development Manager to help increase the opportunity for players to experience high quality football with a primary focus on Junior Football development that will improve playing standards in addition to providing support and guidance to the large number of volunteer junior and youth coaches within the club.

The ideal candidate is required to have an OFC / NZF B licence (or be working towards achieving this) and have a huge passion for football. They should also have a full understanding of football structures in New Zealand, the role football has as a community sport for both male & female players and oversee the delivery of Talent Centre programmes in line with NZF Club licencing requirements.

Interpersonal skills and communication skills (verbal and written) are important to the role. The role involves mainly evening and weekend work during the traditional football season, delivery of Football in Schools programmes to primary schools within our catchment as well as football programmes during the school holidays and periods outside of the winter season.

Please respond with your interest to admin@fctwenty11.co.nz, and include the following:

- Covering Letter
- CV

Kind Regards,
