## Phil Green

After a good win last week, FC TWENTY 11's top women's team is back at Avonhead Park this Saturday to take on Costal Spirit SAS. Grab your morning coffee and head on down to support the ladies. Kick off is at 10.15am.

It is fantastic for the club to have a girls team in each age group (grades 10, 12, 14 18 and CCL), creating a pathway for our younger female players to develop and progress

through to the CCL team – We are focused on the future of FC Players!

FC's men's first team is taking on Western AFC at English Park, 1.30pm KO. The reserves are also away against Universities AFC at Ilam Fields (12.30pm KO), and for the remainder of the season, are being coached by club legend Keith Grosvenor, who is taking over from Mark Anderson for the rest of the season due to his hands being rather full from now on (twins arriving soon!).

I wish all the FC teams well and invite all players and supporters to the Avonhead Tavern for the post-match functions.

See you on the sidelines,

*Enjoy football, continuously improve, together*

## Top of the Table Clash!

This Saturday we play at home against Costal Spirit SAS. Last time we played them we were winning the game and they came back and we almost lost the game. In the end it was a fair draw.

This time we are going to make sure that we focus for the whole 90 minutes and we are going to give everything that we have to get back on the track to fight for the title.

The team is working well and are coming off a 2-0 win last week against Cashmere Technical. We are excited to be playing at home again this week.
